Is the outdoorbox a good battery?

The Outdoorbox is completely maintenance-free and has as many as 1000 charge-cycles. That means 1,000 charges and discharges. It is significantly lighter than a comparable lead battery and has a much lower annual loss. Thanks to the built-in Battery Management System, you never have to worry about discharging the battery too deeply and damaging it.

Lithium Battery Box, does the battery need to breathe . I turned a small ice chest into a battery box, and used a 12V holding tank heater pad to make sure the battery is safe in cold weather. My question is, since it is Lithium, does it need to breathe? Do I need to drill a few holes in the ice chest so that there is some airflow?
