The AllSpark is an artifact in the Transformers Animated continuity A device of unknown origin and unimaginable power, the AllSpark can create life itself and was the source of the Transformer race. For millions of years, Autobots and Decepticons waged the Great War over controlling it, with the Autobots only managing to defeat the Decepticons after they sent the AllSpark ...

The Allspark's energy is neutral, neither good nor bad. The technology we have was reverse engineered from Megatron. The Allspark senses the evil and makes the new life forms evil because of it. If they had been reverse engineered out of Optimus, this would be a much different storyline. In fact...I think that could've worked better. Hmm.
