What is Alstom Power Systems?

Alstom Power Systems GmbH, based in Mannheim, plans, builds, and sells worldwide fossil-fueled power plants and turbines. They offer power plant modernization, gas and combined cycle power plants, and engineering and control systems. Alstom was significantly involved in the construction of the new Rheinhafen steam power station 8 of EnBW in Karlsruhe.

Why should GE choose Alstom Power?

By combining the strongest attributes of GE's power generation technologies, services and expertise with Alstom Power's technology and geography, the global utility sector will benefit from a world-class supplier of total power plant and life cycle solutions that can support equipment from multiple suppliers.

Does GE own Alstom?

PARIS, FRANCE - November 2, 2015 - GE [NYSE:GE] announced today that it has completed the acquisition of Alstom's power and grid businesses. The completion of the transaction follows the regulatory approval of the deal in over 20 countries and regions including the EU, U.S., China, India, Japan and Brazil.

How will Alstom Power and grid acquisition impact GE's transformation?

"The completion of the Alstom power and grid acquisition is another significant step in GE's transformation," said Jeff Immelt, chairman and CEO, GE. "The complementary technology, global capability, installed base, and talent of Alstom will further our core industrial growth."

Alstom Power is located in Schenectady, New York, United States. Who are Alstom Power's competitors? Alternatives and possible competitors to Alstom Power may include Water & Power Technologies, Shoreline Power Services, Inc., and Teshmont.
