Everyone at Ampowr has an entrepreneurial mindset and is passionate about solving energy challenges. PEOPLE LED CULTURE. Ampowr has adopted a people-led culture, driving modern thinking, proactively turning strategy into behavior. DIVERSITY. At Ampowr we promote an environment in which everyone can feel free to be themselves and thrive at work.

Unlock grid expansion possibilities with Ampowr's peak shaving solution. By combining a Battery Energy Storage System (BESS) with COSMOS, we enable you to expand your grid capacity without the need for costly ...

As the popularity of electric vehicles (EVs) grows, authorities are grappling with concerns about strain on the electricity grid during peak hours, prompting the implementation of measures to relieve pressure. A recent news report highlights the decision by a Dutch grid operator to advise electric vehicle owners against charging their vehicles between 4:00 PM

Ampowr Cosmos software has several significant benefits when used in conjunction with a solar farm and energy storage system: 1. Efficient Energy Management and Cost Reduction. Ampowr Cosmos uses sophisticated algorithms for Energy Dispatch and Discharging, enabling peak load-shifting to minimize costs by optimizing energy usage.

The new facility is part of Ampowr's strategy to strengthen its global sites to tighten customers' partnerships and support the continued expansion of Ampowr global strategy. China is a strategic location for Ampowr growth. The physical presence in China is a key point to assure a top-quality service to our global customers. We

Crystal Batteries(TM) are being used in a wide range of applications including, but not limited to telecoms, ups, petrochem/marine, defence, renewable energy, health care, manufacturing, transportation and electric motion (wheelchairs, golf carts & trolleys), caravan & RV, Recreational 4WD, LED Lighting, robotics and more.

Determine how many battery amps your application needs and how long it is needed for. Multiply both values to calculate the necessary ampere-hours (Ah). Add a 20% safety margin and select a battery from our product range overview. Parallel batteries deliver greater electric currents and series-connected batteries deliver higher voltage.
