Who is anern solar?

Anern designs and supplies residential solar systems using quality name-brand solar panels and solar panel mounting kits. Anern solar projects and anern solar lights are perfect for the contractor or handy homeowner/builder working with an electrician. Anern's Professional Design Teams Provide Customized Services for Your Needs.

What is an anern Solar System?

The main material of solar panels is silicon, which absorbs sunlight then converts it into electrical energy to generate. Anern's solar systems include off-grid solar system and grid-connected solar system. It is a portable solar energy storage system that can be flexibly set in a variety of modes.

Who is anern solar and LED lighting?

In China, Anern has been engaged in Solar and LED lighting for more than 15 years. Exploration, innovation, and development are the basic development principles of Anern. Anern has been providing the world with high-quality solar lights and solar power systems for a long time, which is the basic recognition of the whole industry.

What types of solar systems does anern offer?

Anern's solar systems include off-grid solar system and grid-connected solar system. It is a portable solar energy storage system that can be flexibly set in a variety of modes. Anern has two low-frequency inverters, which are WSPI series with high conversion efficiency and SPI series with UPS function.

What is anern hybrid solar system?

1. Anern hybrid solar systems utilize the principle of photovoltaic conversion efficiently and can either be connected directly to solar panels to generate electricity or connected to the grid. It is also known as a "hybrid system" or "solar energy storage system."

What are anern N-series solar panels?

Anern's N-Series solar panels utilize a combination of half-cut cell technology and bifacial modules. It also utilizes Hot 2.0 technology for increased reliability. Compared to traditional solar panels, it absorbs sunlight on both sides so that the power output and efficiency of the module is greatly improved.

Anern 4-10kw off-grid home solar system consists of high-efficiency solar panels, hybrid inverter, brand new lithium battery and other accessories. It is a high-efficiency and alternative energy solution for homes and small offices. It can independently and whole Day-Night working. Long life span and high stability, experience energy independence.
