Besides, Apex Power Concepts maintains a ready stock of solar systems to meet demands of overseas volume customers. Culture and mission: The guiding philosophy of the growth and development of Apex Power Concepts lies in its quest for quality and its untiring commitment to excellence in service. Apex Power Concepts has emerged as an ...

Solar garden lights (SGL) are inherent power generation types of garden lights that covert sun light into electric power to charge batteries. SGL charge batteries during the day and light the bulbs during the night. Usual running time is 8-10 hours per day.

Modified sine wave, as the name states, has a output which is different from the one from grid, but can power most of the household appliances. But, appliances like LCD/Plasma TV, that require pure form of power input may not work on these inverters. Modified sine wave inverters are cheaper then pure sine wave inverters.

Here, at Apex Power Concepts, we provide a helping hand to mankind in realizing its true potential of achieving sustained supply of usable form of energy by empowering them with tools that help. We provide solar panels to help convert solar energy into usable electrical energy. We offer wind turbines to extract profound energy stored in the ...
