In September, Lamprell announced the award of two significant contracts from RWE, a global leader in renewable energy, for the supply of 2 x 92 transition pieces for each of the Norfolk Vanguard West and East offshore wind farms. These contracts encompass the manufacture and transportation of the transition pieces to a staging port in the UK.

If you follow us on social media or subscribe to Lamprell's news, you're likely aware of our recent contract awards from RWE, a leader in renewable energy. These are significant awards for our company and will keep our serial production line, the only such facility in the Middle East, occupied for at least two years.

The energy industry is working to realise the benefits of collecting and using electronic data to improve performance, and Lamprell is adopting digitalisation measures to make our offerings even more attractive. Lamprell started working with Injazat/G42, the UAE's leader in digital transformation, in 2018 to develop digital concepts and turn ...
