Embracing the synergy of ancient healing techniques, modern psychology, and spirituality, Astrid offers an integrated approach to therapy and coaching. Trust in our trauma-informed methods, as we unite body, mind, and ...

To reach this goal, the way of providing and using energy has to be profoundly transformed. In Switzerland, as in other countries, the energy system is based on a variety of non-renewable and renewable resources. The Swiss government's Energy Strategy 2050 (SFOE, 2018) promotes a large increase in the share of renewables in the future energy mix.
