

Provides Significant Capital to Construct Over 1.5 GW of Solar, Wind and Co-Located Battery Storage Assets in Europe by 2026. Brussels, Belgium and Washington D.C. - 15 January 2024 Aukera BV („Aukera"), the pan-European renewable energy developer and independent power producer („IPP") majority owned by AtlasInvest, today announced the ...

Acquisition of 39MW RTB Solar Project in Essex, UK. Brussels, Belgium - 13 May 2024 - Aukera BV ("Aukera"), the pan-European renewable energy developer and independent power producer, today announced that it has acquired a ready-to-build solar project from developer BOOM Power ("BOOM"). The Crays Hall project in Essex, UK, has a capacity ...

Suntem un dezvoltator si un operator global cu experienta in sectorul energiei regenerabile. Pe baza a zeci de ani de experienta tehnologica si de piata, dezvoltam eficient proiecte eoliene terestre, panouri solare fotovoltaice montate la sol si sisteme de stocare a energiei pe baterii.

Il nostro approccio &#232; sempre incentrato sul fornire un rendimento ottimale degli asset ai nostri clienti. Cerchiamo di ridurre al minimo i tempi di inattivit&#224; e i costi operativi, ottimizzando al contempo l'efficienza operativa e le prestazioni per massimizzare la produzione di ...

Aukera Energy builds on its ambitious expansion plans across Europe by securing an additional 500MW of solar and storage projects in the UK. Located across the UK, these projects which have secured grid connections and being primed for planning submission, will be jointly developed with experienced co-development partners who bring a proven track ...

Aukera and selected partners use cookies and similar technologies to ensure you get the best experience on this website. If you consent to it, we will use cookies for analytics purposes. See our Cookie Policy to read more about the cookies ...

Lead Development Manager at Aukera Energy UK &#183; Chartered Project Manager with a demonstrated history of working in the renewable energy industry. Skilled in Project Management, Renewable Energy Technologies, Energy Policy, and Environmental Impact Assessment with experience managing across the whole project lifecycle on minor projects up to nationally ...

With an installed capacity of 41MW, the West House solar project will produce enough clean energy to power around 20,000 houses. Developed in partnership with Locogen and Livos Renewables, Aukera will take this project forward through construction and into operation. ... Aukera, alongside its partners, will continue to work with the local ...

Se vuoi migliorare la rendita del tuo terreno agricolo o industriale, Aukera ti propone di vendere o affittare i tuoi siti a condizioni molto vantaggiose per consentire la realizzazione di impianti agrivoltaici a terra. Siamo interessati ad acquisire terreni agricoli o industriali, cave, discariche dismesse o a fine vita, bacini idrici e ad ...

Provides Significant Capital to Construct Over 1.5 GW of Solar, Wind and Co-Located Battery Storage Assets in Europe by 2026 Brussels, Belgium and Washington D.C. - Aukera BV ("Aukera"), the pan-European renewable energy developer and independent power producer ("IPP") majority owned by AtlasInvest, today announced the signing of a EUR450 million ...

Wir haben eine sehr starke Aktion&#228;rsbasis, die Zugang zu Kapital und Netzwerken bietet. Wir k&#246;nnen Projekte im Bereich der erneuerbaren Energien in verschiedenen Phasen der Entwicklung finanzieren und bieten Ihnen k&#246;nnen Ihnen unsere geballte Entwicklungskompetenz zur Verf&#252;gung, so wie Sie es ben&#246;tigen.

Aukera Energy has been granted planning consent for a 45MW solar farm with 40MW of co-located BESS. The Loch Fergus scheme, jointly developed with Locogen, will be located near Ayr in South Ayrshire, Scotland, and is expected to be operational 2026. Aukera will build and operate the project, adding it to the firm's solar portfolio of over 3GW.

Aukera Energy, the new development platform backed by AtlasInvest, has announced plans to deliver 2700MW of new renewables projects across Europe by the end of 2022. Already fully funded, Aukera will focus ...

About Aukera Energy Aukera was founded in 2021 by experienced renewable energy executives Pascal Emsens and Catalin Breaban and focuses on the development, construction and operation of solar, wind and battery storage projects. It is currently developing a pipeline of 15 GW and expects to have over 1.5 GW in construction or operation by 2026.

AtlasInvest backed Aukera Energy has announced plans to deliver 2.7GW of renewable energy projects across Europe. The new company is to focus initially on the UK, as well as Italy, Germany, Romania and Poland, and has already secured more than 1GW of solar and onshore wind projects. These will be delivered by the end of 2022, while the company ...
