Wallis ja Futuna eli virallisesti Wallisin ja Futunan yhteisö; [1] on Ranskan merentakainen alue eteläisellä Tyynellämerellä. Alue koostuu kolmesta pöytäsaaresta, Wallisista (Uvā), Futunasta ja Alofista, sekä noin 20 pienemmistä saaresta ja luodosta. Saarista vain Wallis ja Futuna ovat asuttuja. Wallis ja sen pöytäkaupunki Mata-Utu on alueen hallinnollinen keskus.

Avesta Battery & Energy Engineering (ABEE) announced on the 10th of November the location of its battery recycling facility. The company selected the city of Dour, Belgium, to establish the "BE-VOLT Battery Recycling plant". Once fully operational the plant will have a 20,000 tonnes per year capacity.

Battery factory Wallis and Futuna

Wallis and Futuna, a French overseas collectivity in the South Pacific, is a fascinating blend of traditional Polynesian culture and Catholicism. The islands' religious traditions are deeply rooted in both their pre-Christian heritage and the influence of European missionaries. This article explores the unique religious landscape of Wallis ...

Workers preparing production lines at the iM3NY factory ahead of its opening in Endicott, New York. Image: iM3NY via Twitter. A lithium-ion battery factory has opened in New York State which could ramp-up to 38GWh annual production capacity by 2030, serving the electric vehicle (EV) and stationary battery storage sectors.

So far, KORID has developed battery stacks in modular increments of up to 50kWh, while the company has also designed a 3.6MW grid-scale system. The company will provide technical assistance and expertise to MLD, while the latter has outlined its commitments to bringing in investment for the factory, including raising US\$5 million and ...

The factory will have an annual production capacity for 33MWh of electrolyte. The plant has been supported with a grant from the Australian federal government under its Modern Manufacturing Initiative. AVL was selected in 2021 for an AU\$3.69 million (US\$2.48 million) award alongside seven other companies or projects focused on developing Australian ...

The state has already committed to supporting a vanadium redox flow battery (VRB) electrolyte factory, under construction by locally headquartered manufacturer Vecco Group. Yesterday, it was announced that ...
