Who is arecor energy?

info@arecorenergy.com &#169; 2024 ARECOR Pty Ltd. All rights reserved. Alternative Renewable Energy. State-of-the-art clean, green and affordable baseload energy

Why should you choose arecor?

At the forefront of renewable energy innovation,ARECOR harnesses the power of water to provide reliable,affordable and sustainable clean energy solutions. Our team's 400+years of combined expertise in energy,infrastructure and aerospace has enabled ARECOR to set new standards in emissions-free baseload energy generation.

What is arecor & how does it work?

Unlike intermittent solar and wind, ARECOR systems operate at up to 95% capacity, consistently delivering baseload energy. Designed to be submerged and out of sight, our turbines do not disrupt aquatic life or require dam construction, ensuring minimal environmental impact.

Why should you choose ArcelorMittal Belgium?

ArcelorMittal Belgium is passionate about sustainability and circularity and is playing a leading role in the industry with regard to climate transition. ArcelorMittal Europe is actively implementing an action plan to reduce CO2 emissions by 35% from 2018 levels by 2030 and to become climate neutral by 2050.

As was common last year in the global solar sector, 2023 proved to be a record-breaking year for Belgium's solar industry. According to the Belgian energy association, Energie Commune, the country installed 1.8GW of new solar capacity last year, breaking the record for annual installations set in 2022 with 1.3GW of capacity and pushing the country's total ...
