Pecron E2000LFP Real-World Testing- 1920Wh of power on tap with 2000W of output makes for a very capable portable power station. If you're worried about being able to maintain basic electrical services to your home during a blackout (or you need portable power for activities like camping) the Pecron E2000LFP is well worth considering.

I don't think any or very few companies have a wifi enabled solar generator. I know pecron has their E1500LFP (can't remember actual model) but it has wifi and built AC charger. It ships later in September though. I don't mind the external charging block since I charge by solar or if I am at home, charging block is fine. Efficiency appears good ...
