Who is Solar Turbines?

Solar Turbines is an international company based in the USA and is one of the leading producers of industrial gas turbines in the world. It was founded more than 90 years ago and has been operating in three places in the Czech Republic since 2012.

Where are Solar Turbines remanufactured?

Our Solar Turbines Remanufacturing Center in Zatec, Czech Republic, was designed from the beginning to set a benchmark for sustainable manufacturing. In fact, in February 2013, it became the second manufacturing facility in the Czech Republic to receive Leadership in Energy and Environmental Design (LEED) green building certification.

How much photovoltaic capacity does the Czech Republic have?

The Czech Republic had almost two gigawatts (GW) of photovoltaic capacity at the end of 2010, but installed less than 10 megawatts (MW) in 2011 due to the feed-in tariff being reduced by 25%, after installing almost 1,500 MW the year before. Installations increased to 109 MW in 2012.

Where is Solar Turbines located?

Solar Turbines produces, sells and provides service for its products in over 30 locations worldwide. Our employees have the unique opportunity to contribute on international projects. The central office, which supports Europe, Africa and the Middle East, is located in Prague, Smichov.

Who is Solar Turbines EAME?
