BENY Der Gründer von New Energy ist Anteilseigner von Chint Electric, das auf traditionelle Elektrogeräte spezialisiert ist. Unser Gründer erkannte das Potenzial neuer Energiequellen auf dem Markt, was sich positiv auf den Markt auswirkt. Er gründete BENY New Energy konzentriert sich auf die Photovoltaik-Elektrogeräte und EV Lademarkt.

BENY: Your Go-to Choice. BENY New Energy stands out as a trusted name in the photovoltaic industry, offering top-tier protective components for solar systems worldwide. With over 30 years of expertise in the electrical field, BENY ensures its solar DC components meet the latest industry standards. Their dedication to quality and innovation ...

With a proven track record of 2 million+ successful projects worldwide, we have revolutionized solar PV, battery energy storage, and EV charging system protection. Our effective solutions ...

BENY New Energy has become one of the most important players in the global energy storage and renewable energy industry due to its advanced technology and diversified products and services. The company offers a range of energy storage solutions such as battery packs, and air-cooled and liquid-cooled energy storage systems to meet different ...

As a global leader in new energy solutions, Beny is proud to announce that it has been awarded not one but two prestigious accolades: the EUPD Research Top Brand PV 2024 award for Inverters. These awards underscore Beny's remarkable achievements and the deep trust its partners and customers worldwide place in the company.

BENY New Energy's founder is a shareholder in Chint Electric which specializes in traditional electrical appliances. Our founder saw the potential in new energy sources in the market, which has a positive impact on the market. He established BENY New Energy to focus on the photovoltaic electrical appliances and EV charging market.

BENY energy storage pack are widely used in the energy storage field with on-grid inverters, off-grid

BENY New Energy is een vertrouwde fabrikant van beschermende componenten voor fotovolta&#239;sche systemen over de hele wereld. Onze ervaring met meer dan 30 jaar ervaring in de elektrische industrie stelt ons in staat om DC-componenten voor zonne-energie te cre&#235;ren die voldoen aan de nieuwste DC-normen. Door onze focus op ontwerp, productie en ...

BENY Electric utilizes the latest electrical manufacturing equipment to automatize our production. We are capable of outstanding production speed to fulfill bulk orders while significantly ensuring the function of our PV protection products. Our fully automatic assembly line ensures your capability to address periods of high market demands ...

ein tiefes Verst&#228;ndnis der Elektroschutzbranche zeigen, BENY New Energy bietet Ihnen die richtigen Werkzeuge, um Ihre Projekte in fachm&#228;nnisch gefertigte Produkte f&#252;r Ihre Marken zu verwandeln. Neben unserem Fachwissen bieten Ihnen unser kompetentes Vertriebsteam, der reaktionsschnelle Kundenservice und die effiziente Fertigung die ...

BENY: Your Go-to Choice. BENY New Energy stands out as a trusted name in the photovoltaic industry, offering top-tier protective components for solar systems worldwide. With over 30 years of expertise in the electrical ...

In the continually advancing field of solar technology, the power of photovoltaic (PV) panels is gradually reaching higher levels, such as 700 watts, mainly applied in open spaces and large roof PV systems. Correspondingly, high output PV panels require suitable high-power inverters to achieve the desired power generation. Recently, a German professional in the ...
