

Bertoli power units Belize

How much power does Bertoli provide?

Bertoli provides robust, easy to use and maintain 400Hz diesel ground power units from 60 to 180kVA. All models feature a user-friendly electronic device for the GPU management through which operators are able to control ...

Who makes Bertoli ground power units?

Bertoli is an Italian manufacturing company that produces 400Hz Ground power units designed for both military and civil aviation, generating sets and floodlight units.

What is a Bertoli generating set?

Bertoli, manufacturing entirely in Italy, offers reliable, user friendly and easy to maintain 400Hz ground power units from 60kVA to 180kVA. Bertoli generating sets are intended for the supply of electric power in case of public mains failure, or where there is no mains available.

Years back we had decided to focus our knowledge and experience on the technology dedicated to the production of Ground Power Units. From the very beginning we abided by one rule: not to accept any compromise on the quality of the product and the service. ...
- Reg.No.: 01999530346 Parma Co. Reg. Who we are;

400Hz ground power units (GPUs) for airports. Bertoli provides reliable, high-quality, user-friendly and easy-to-maintain 400Hz diesel ground power units for military and civil applications. The company's GPUs offer outputs ranging from 60kVA to 180kVA. They can be provided with one or two AC outputs depending on a client's power ...

BERTOLI POWER UNITS Tutto quello che ti serve in un'unica azienda. 01. APPLICAZIONI SPECIALI. 02. NOLEGGI. 03. ASSISTENZA E RICAMBI. APPLICAZIONI SPECIALI. La vostra esigenza di energia richiede soluzioni NON standard? Bertoli ha profonda conoscenza e competenza nella progettazione e realizzazione di applicazioni speciali. Nel corso degli ...

We build generators that guarantee a source of energy even in the event of a sudden power cut due to a fault or adverse weather conditions. The emergency units are equipped with automatic panels which start the unit when the mains disconnect and automatically stop when the mains reconnect, transferring the load from the unit to the grid.

Two service outlets for power of up to 13 kVA and three outlets for power ranging between 15 and 40 kVA. Set up for remote start-up. Circuit breaker installed in the panel (for up to 170 kVA); for higher power, it is installed on the alternator.

Bertoli power units Belize

We design and manufacture 400Hz battery powered electric and diesel ground power units with 60 to 180 kVA power. Our GPUs are reliable, precise, innovative and easy to use and service. Every machine is equipped with a user-friendly ...

BERTOLI POWER UNITS | 416 ?? ?????????? ??? LinkedIn. The Bertoli company was founded in 1978 and has been seriously working with strong commitment since its foundation, proposing to both the domestic and international market its production of: - Generating sets fueled by diesel, gas, biogas - GPU - Ground Power Units (civil and military applications) - Complete power ...

Italian Manufacturer of: Generating sets from 2 to 2000 kW, Tower lights 5-10 m, Motor pumps for field irrigation or industrial purposes.
