

What is Brite solar?

Brite Solar is a nanomaterials company developing and marketing solar glass products with variable transparencies for applications in agriculture. Brite's solar glass applies to greenhouses and open field agri-cultivations and yields energy autonomous operation, water saving, and thus sustainable agriculture. Brite develops unique technologies.

What is Brite solar glass?

Brite's solar glass applies to greenhouses and open field agri-cultivations and yields energy autonomous operation, water saving, and thus sustainable agriculture. Brite develops unique technologies. Our society is urgently in need of technologies for increased production of green energy and improved energy efficiency.

What is Brite's strategic goal & commitment?

Brite's strategic goal and commitment is to understand the needs of current and future customers so as to meet their requirements and even exceed their expectations. Developing high-quality, innovative products that meet or exceed our customers' requirements.

Brite Solar si impegna nella diffusione della nanotecnologia avanzata per raggiungere questi obiettivi. Il nostro obiettivo è: facilitare l'uso multifunzionale dei terreni agricoli per aumentare la generazione di energia solare, nonché creare nuovi tipi di vetro architettonico in grado di ridurre l'impronta energetica degli edifici.

Brite understands that this requires more than just quality products and great pricing. Our partners deserve the most professional, personal, informative and timely service available. That quality experience applied to every aspect of the process, so we are committed to upholding the highest quality standards in the industry. That's what we offer you...the BEST. ...

Brite Solar is opgericht in 2009 met het doel een nieuw type PV-paneel te ontwikkelen dat is aangepast aan de eisen van de glastuinbouw. Met een sterke achtergrond in nanomaterialen en depositietechnieken voor glassubstraten, werken we aan aanvullende PV-oplossingen voor open veldgewassen, evenals aan energiebesparende oplossingen voor de gebouwde omgeving. ...
