Is there a solar farm in Brunei?

Many of you might not know this, but we do have our own solar farm right here in Brunei and it's been in operation since 2010. This B\$20 million solar farm is named 'Tenaga Suria Brunei (TSB)' and is located in Seria. With a nominal capacity of 1.2 MWp, the farm covers an area of about 12,000 sq meters with exactly 9,234 pieces of solar panels!

Does Brunei have a sustainable future?

Brunei is targeting 30% renewable energy in total power generation mix by 2035, with 200 MWp of solar energy by 2025. The launch event also saw the release of Hengyi's 2023 ESG Report, which highlights their progress in environmental sustainability, social responsibility, and governance.

Why is BPC partnering with Brunei?

The project also allows BPC to develop in-house expertise on the implementation of Solar PV technology, which will provide a foundation for BPC's further involvement in larger scale solar (LSS) PV projects within Brunei.

What are the major solar installations in Brunei?

Major active solar installations in Brunei include the country's first, Tenaga Suria Brunei, launched in 2010 with a capacity of 1.2 MWp, and Brunei Shell Petroleum's 3.3 MWp solar plant, launched in 2021 to supply power to its headquarters. Both plants have plans for further expansion.

How will solar power benefit Brunei?

The solar power generated is equivalent to the electricity consumption of approximately 600 households per year and will offset some of the power used by the BSP Head Office. On a national level, the power generated will contribute towards Brunei's target of producing 100MWp renewable energy by 2025.

Where is BSP's flagship solar PV plant located in Brunei?

BSP's Flagship Solar PV Plant, located at G11 along Jalan Tengah, Seria is the second solar plant in Brunei, featuring the latest technology in solar panels. The construction of the plant took over seven months, where almost 7,000 solar panels were installed on the four hectares of land. The 3.3MWp plant produced its first power on 30th March 2021.
