

Who supports adaptogen?

Adaptogen is supported by several strategic advisors with extensive experience across the energy storage and utility industries. Their insights into utility market design, project development & execution and technological advances in battery storage technologies provides an invaluable support to the Adaptogen board and its investors.

Why should you invest in adaptogens?

Adaptogens are natural compounds theorised to improve the resiliency and optimal functioning of the body's immune system against stress. Similarly, we provide growth capital as a means of building the assets and companies that will help adapt our energy system to the ever increasing stresses generated by climate change.

What are adaptogens & how do they work?

University of the Witwatersrand, BSc Quantity Surveying Adaptogens are natural compounds theorised to improve the resiliency and optimal functioning of the body's immune system against stress.

The Redway 36V 30Ah LiFePO₄ Battery. The Redway 36V 30Ah LiFePO₄ Battery is a powerful and reliable source of energy that has become a favorite among residents of Cabo Verde. Designed with high-quality materials, this battery has the ability to withstand harsh weather conditions and deliver consistent performance over time.
