

# Canada baobab plus solar

What products does baobab offer?

We select quality products to meet the needs of our customers. These products are available through the Baobab network of branches with financing facilities and/or a dedicated credit called ``Baobab Energy Solutions`` for productive use products (solar freezers, hybrid generators...).

Does baobab offer a pay-as-you-go offer?

A ``Pay-As-You-Go`` offer is also available for the acquisition of solar kits & TV and smartphones for underserved customers who are not connected to the electric grid. As a leader in digital financial inclusion, Baobab is aware of the impact of digitalization on the daily lives of our prospects among the communities we serve.

What is baobab+?

Baobab+ mother company. Baobab is a financial services group with operations in eight countries on the African continent and China. Baobab provides financial services to half a million small businesses, fulfilling its mission of broadening access to finance among those underserved by traditional banks.

Why is Baobab a leader in digital financial inclusion?

As a leader in digital financial inclusion, Baobab is aware of the impact of digitalization on the daily lives of our prospects among the communities we serve. Enabling access to financing for quality digital products is necessary for our customers, who can also apply for credit directly through the Baobab app from their homes!

Through this partnership, the company will make its range of high-quality solar solutions, including solar-powered generators, fridges and freezers, available to a wider customer base.
