Dr. Shawn Qu, Chairman, President and Chief Executive Officer founded Canadian Solar (NASDAQ: CSIQ) in 2001 in Canada, with a bold mission: to foster sustainable development and to create a better and cleaner earth for ...

A small metal, plastic or fiberglass junction box may form part of an electrical conduit or thermoplastic-sheathed cable (TPS) wiring system in a building. If designed for surface mounting, it is used mostly in ceilings, concrete or concealed behind an access panel--particularly in domestic or commercial buildings [2].An appropriate type (such as that shown in the gallery) ...

Click to enlarge. Description. Description: This graph shows the total additions and retirements of electric generation capacity by 2050 in the Evolving Policies Scenario and Current Policies Scenario, and breaks it down by fuel source. In the Evolving Policies Scenario, these additions include 47.2 GW of wind, 14.0 GW of natural gas, 24.2 GW of solar, 4.7 GW of hydro, 0.4 GW ...

I enjoyed my time while working at J& B, management allows for ideas to free-flow. The downside is the amount of travel. Bigger companies stay in an area for 4-8 months at a time, J& B moves a bit more because of how the contracting is worked out. Overall I would say it's a great company.

J& B Solar will handle the mechanical construction of a 175MW solar project in Montcalm County, Michigan, for Roncelli, Inc., starting this month. Our strategy was to partner with the best in lieu of self-performance; we're glad we did, as J& B Solar is already ahead of schedule, and above quality expectations." -- Gino Roncelli, CEO, Roncelli, Inc. ...
