

Who is Chint solar?

Chint Solar is a leading player active in project development, financing, realization and operation of solar parks.

Where is Chint solar located?

The solar park is located near Pias, Municipality of Serpa, in the Alentejo region. It is Chint Solar's first PV project development in Portugal and will operate for an estimated duration of at least 30 years. The solar park uses panels produced by Chint Solar's sister company Astronergy. The panels are installed on a single-axis tracker system.

Where are Chint solar panels made?

With factories located in both Asia and Europe, the Chint Group is at the forefront of developing more efficient photovoltaic panels while maintaining the highest quality. This quality is backed by internationally recognised seals such as, Bloomberg Tier 1, PEVL and DNV and Photon Magazine No.1.

Who are Chint panels?

The Chint Group is one of the world's leading and most recognised panel manufacturers. With factories located in both Asia and Europe, the Chint Group is at the forefront of developing more efficient photovoltaic panels while maintaining the highest quality.

How does Chint solar work?

The solar park uses panels produced by Chint Solar's sister company Astronergy. The panels are installed on a single-axis tracker system. This smart system tracks the position of the sun, allowing more electricity to be produced in a more efficient manner.

Who is Chint electrics?

Together with offerings in the low voltage market and driven by the possibilities of new green energies, Chint Electrics has developed its catalogue of solutions for Photovoltaics for the Irish market. The Chint Group is one of the world's leading and most recognised panel manufacturers.

PT. Chint Indonesia selling Panel and Distribution Box and also Starter, Travel Switch, Capacitor, Interlock Panel, Pilot Device. ... CHINT products are also trusted by PLN for some of ...
