

The all-in-one lithium power supply gives you the ability to supply 240 V and 12 V outputs simultaneously for your electrical appliances and with a recharge time of 0-80% from the vehicle's alternator in 48 minutes you'll never be without power. The LPS II contains a solar regulator, so it is easy to connect solar panels directly to the LPS.

Clayton Power A/S er ISO 9001-certificeret. Standarden definerer rammen for et effektivt kvalitetsledningssystem. Den internationale standard ISO 14001 hjælper Clayton Power A/S at understøtte miljøledning og hantere klimaforandringerne. Det er en fordel, at ISO-standarder.
