Renewable energy, solar, battery storage, power and electrical, microgrids. Cocos (Keeling) Islands, Christmas Island, Indian Ocean Territories

How long will Cocos Keeling Island be under water?

Inundation studies of Cocos Keeling Islands predict the atoll could be under water in 50 or 60 years. For now, sandbags provided by the Commonwealth hold back the water on both Home Island and West Island. During cyclone season, roads in the kampong on Home Island are often inundated and houses can be thigh-deep in saltwater.

Why are Christmas & Cocos Keeling Islands so important?

In March 2022, Christmas and Cocos Keeling islands were declared one of the largest marine sanctuary areas in the world. But Dr Whiting says despite the importance of the turtle population to the region, he thinks it's a case of out of sight, out of mind.

Could a US military base be built at Cocos Keeling?

In the late 1960s, locals were expelled from Diego Garcia by the UK government so a joint UK-US military base could be established there. Islanders fear the Commonwealth could do the same at Cocos Keeling. "The government aren't going to spend \$500 million on a runway if it's going to be washed away," Graham says.

Should Cocos Malay be moved to the mainland?

(ABC News: Alice Angeloni) Home Island is particularly affected by the inundation and there is talk of moving the Cocos Malay population to the mainland. The seniors group told the ABC they have contemplated going to the United Nations with their concerns about the island sinking, much like those in the Torres Strait.

Are the Cocos Islands really Heaven on Earth?

The Cocos (Keeling) Islands look like heaven on Earth. But things on this tiny little coral atoll are not how they seem. The Defence Force is about to splash more than \$500 million on this most northern part of Australia to upgrade an airstrip to take more high-tech spy military planes.

Small scale solar for the local community. We installed small scale solar power systems across the islands to start the transition to a clean, sustainable future for local communities.
