

Testing Solar Power Banks. I left solar power banks from BioLite, Blavor, 4Patriots, and Hiluckey on my patio for four days to see how well they charged. None of them (except one) got past the first blue blinking dot. Even when I propped up the solar power banks at the same angle as some of the best portable solar panels, it never amounted to much.

The EIB has backed a solar plant in Croatia, Sonnedix advanced a project in Poland and Sunrock will build rooftop installations in Germany. ... (US\$34.2 million) from the European Bank for ...

If you are an American citizen and plan to open a bank account in Croatia (or any foreign country really), the process is lengthier than for non-Americans. Be prepared to complete some IRS tax forms. You may also need to provide a third ID (like a driver's license) that shows an American address, in addition to your passport and Croatia ID. ...

The European Bank for Reconstruction and Development (EBRD) said that it has lent EUR 10.6 million (USD 11.6m) under the InvestEU programme to three special purpose vehicles of the Encro Group to support the projects.
