I got a quote for the 16 x 280AH cells + Apexium DIY Box and cables from battery to inverter was \$2070 then shipping was quoted \$360 (not sure why so much), then \$100 transaction fee??? I think the shipping is to much unless it is because of the DIY box??

Test the battery box under various operating conditions and monitor its performance. Regularly check the connections, clean the box, and ensure proper ventilation to maximize the lifespan of your LifePO4 battery. Conclusion. Building a DIY LifePO4 battery box can be a rewarding and cost-effective project. By following the steps outlined in this ...
