Babcock & Wilcox Thermal segment revenues were \$120.2 million in the second quarter of 2024, which is in line with company expectations, despite being a decrease compared to \$158.0 million in the second quarter of 2023. The revenue decrease is primarily attributable to the completion of a large construction project in the second quarter of 2023.

The project team included Hanwha Ocean Co., Ltd. who developed the hull and cargo tank design as well as Babcock LGE who contributed their expertise on cargo handling systems and integration. ABS completed design reviews in accordance with the requirements in ABS Marine Vessel Rules and the ABS Guide for Liquefied Gas Carriers with Independent ...
