

Does the installation of photovoltaic panels affect the warranty

Do solar panels have a warranty?

In addition to the manufacturers' roof warranty, homeowners who install solar panels should also consider the roof installation warranty provided by the solar panel installer. This warranty specifically covers the installation process and any potential damage caused by the installation of the solar panels.

Do solar panels void a roof warranty?

While it's important to review the terms and conditions of your specific roof warranty, most manufacturers allow for the installation of solar panels without voiding the warranty. However, it's essential to follow proper installation procedures and work with reputable solar installers. Another misconception is that solar panels cause roof damage.

What does a solar installation warranty cover?

While manufacturer warranties primarily cover issues related to the solar panels themselves, such as material defects, workmanship defects, and loss of power output, the solar installation warranty extends additional protection to the entire photovoltaic system.

How do I get a solar panel warranty?

Generally, the most robust warranties are obtained by hiring installation companies certified by the solar brands they represent. Alternatively, long warranties can also be secured from solar manufacturers that provide their own installation services. What Is Not Covered by a Solar Panel Warranty?

What makes a good solar panel performance warranty?

An ideal solar panel performance warranty should include the following conditions: Certain solar manufacturers may even guarantee a degradation rate as low as 0.25% per year, coupled with a performance warranty period of up to 30 years.

Does a solar panel warranty cover labor costs?

Solar panel warranties typically won't reimburse for labor costs associated with installing new equipment or shipping fees for new equipment. Comparisons should focus on product warranty terms, power guarantees, labor warranty terms, transferability and bankability, and the availability of an extended warranty.
