What is Dynamis Energy?

Dynamis Energy is a company that provides technology solutions to transform stranded and discarded waste into energy and other useful products. Dynamis Energy's technology for converting waste to energy is more environmentally sound than landfill and earlier waste destruction and energy creation processes.

How does ceog fit with French Guiana's energy strategy?

The population of French Guiana is very quickly increasing. Guiana has to face a considerable energy deficit, especially in the west where the demographic growth is booming. By providing several MW of reliable and clean energy, CEOG fits with French Guiana's energy strategy.
