

## E2c energy New Caledonia

Who is E2C energy?

"E2C Energy has been an indispensable partner in our solar product procurement. Their efficient energy solutions and excellent customer service have brought significant cost savings and growth to our business."

"E2C Energy's commitment to sustainability and expertise in renewable energy are admirable."

What will TotalEnergies do in New Caledonia?

Noumea, December 20, 2021 - TotalEnergies will develop a series of photovoltaic and energy storage projects in New Caledonia in order to deliver decarbonized electricity via a 25-year renewable power purchase agreement (PPA) for the industrial operations of mining and metallurgy consortium Prony Resources New Caledonia.

Why should you choose E2C energy?

Help optimize the global energy structure and contribute to a greener future for our next generation. We have teams around the world. ... and many other locations worldwide. Responsible products. Sustainable future. &#169; 1997-2023 E2C B.V. All Right Reserved. At E2C Energy you do not have to wait for your solar panels.

What is New Caledonia Energy?

New Caledonia Energy is the entity responsible for developing the project for the new power station that will supply the energy for Soci&#233;t&#233; Le Nickel (SLN). The current power station is nearly 50 years old and is highly polluting. The ultimate goal is to have a carbon-neutral plant by 2030, which would be a world first in the mining sector.

What products does E2C China sell?

The products we sell include solar panels, mounting systems, cables, inverters, energy storage batteries, EV chargers, etc. We have a professional procurement team and have established the E2C China procurement office in China to ensure that our products have competitive prices and quality assurance. The delivery is fast and timely.

Why do we support New Caledonia's energy transition?

We are very proud to support their energy transition, and that of New Caledonia, said Thierry Muller, CEO of TotalEnergies Renewables France. "As industrial firms, we think and act responsibly. Our two companies are committed to protecting natural resources and biodiversity, and to improving the situation of local communities."
