

Edina company Andorra

Who is Edina?

Edina is a leading power generation specialist and EPC solutions provider for the engineering, installation and maintenance of gas-fired distributed power plants, standby mission critical generation, and battery energy storage systems.

Who owns Edina?

Edina is owned by EnergyPro Assets Limited (EPAL), a joint venture between Energy Efficiency Services Limited (EESL), the world's largest Energy Service Company under Ministry of Power, Government of India and EnergyPro Ltd, a leading UK-based advisory company that consults on energy efficiency projects.

Can a company be incorporated in Andorra?

Even if a company has been incorporated in Andorra, it must be taken into account that the tax administration of the country of origin can consider that the company is also resident in that country if it can prove that the effective management of the company is carried out there.

What services does Edina offer?

The company offers system maintenance and repair, combined heat and power (CHP) installation, power plant commissioning, and project management services. Edina caters to food and drink manufacturing, pharmaceutical, healthcare, industrial, commercial, and other sectors. Edina's annual revenue in FY 2023 was €73.11 m.

Why should a company be incorporated in Andorra?

In all these cases (except perhaps liberal professions such as engineers and doctors), the incorporation of the company is an indispensable requirement to obtain the active residence, to be able to invoice and therefore to benefit from the beneficial Andorran tax conditions. Can I incorporate a company without living in the country?
