Industrial enclosures & Fametal products Suppliers in Dubai. Established in 1991, Famatel Professional is one of Europe's leading giants in the electrical supplies category. The company has two diverse product portfolios that address the needs of industries and homes respectively.

Service enclosures are used for industrial, commercial, residential and infra-structure related applications. Electrical circuit boards are mounted on mounting plates within the control panel and protected against dust and water by virtue of using gasketed doors, thereby providing an Ingress Protection of IP66.

These ratings, such as IP (Ingress Protection) and NEMA (National Electrical Manufacturers Association) standards, help users choose the right enclosure. Material : Common materials include metal (such as steel or aluminum), plastic, fiberglass, and polycarbonate.
