

Enerflex solutions Nauru

What does Enerflex do?

At Enerflex, we deploy and service high-quality sustainable energy infrastructure tailored to your precise needs -- from individual, modularized products and services to integrated custom solutions.

Why should you join Enerflex?

Enerflex is committed to creating a strong energy future and is seeking dedicated, forward-thinking individuals to join our team. With a global presence, Enerflex provides diverse opportunities in gas processing and treating, electric power, treated water, and low-carbon solutions.

Where is Enerflex based?

Enerflex also offers product support and services; and also offers fleets on a rental basis. The company has fabrication facilities in Calgary, Canada; Houston, the US; and Brisbane, Australia. It has an operational presence in Latin America, North America, the Middle East and Africa, Asia Pacific and Europe.

How will Enerflex perform in 2024?

Driven by their passion, they are constantly seeking innovative solutions to tackle the industry's greatest challenges. Enerflex is poised to generate strong operational and financial results in 2024, underpinned by our highly contracted Energy Infrastructure product line and the recurring nature of After-Market Services.

Where do Enerflex shares trade?

Enerflex's common shares trade on the Toronto Stock Exchange under the symbol "EFX" and on the New York Stock Exchange under the symbol "EFXT". A week ago, our Enerflex team in the USA proudly hosted their annual Veterans Day tribute with special ceremonies being held in honor of our Enerflex veterans.
