

Energy Storage Cabinet Series Product Introduction

What is a cabinet series?

The Cabinet Series for indoor and outdoor C/I energy storage systems help reduce peak energy costs from equipment and operations. Power and capacity range from 30kW/50kWh to 90kW/150kWh. These solutions are modular and expandable to meet larger energy storage requirements.

What is the power and capacity of the container series?

Power and capacity range from 30kW/50kWh to 90kW/150kWh. These solutions are modular and expandable to meet larger energy storage requirements. The Container Series are outdoor containerized energy storage systems for utility grid tie or C/I behind the meter applications.

Which energy storage solutions does Delta offer?

Delta's energy storage solutions include the All-in-One series, which integrates batteries, transformers, control systems, and switchgear into cabinet or container solutions for grid and C&I applications. The streamlined design reduces on-site construction time and complexity, while offering flexibility for future expansion.

What is Delta Battery energy storage system (BESS)?

Delta's battery energy storage system (BESS) utilizes LFP battery cells and features high energy density, advanced battery management, multi-level safety protection, and a modular design. Available in both cabinet and container options, it provides a complete and reliable energy solution.

What is a containerized energy storage system?

The Container Series are outdoor containerized energy storage systems for utility grid tie or C/I behind the meter applications. They are available in 10ft, 20ft, and 40ft configurations. Power and capacity range from 150kW/150kWh up to 1.5MW/ 2.2MWh. You can combine multiple units for even more capacity.

What is a single-cabinet solution?

The product series includes single-cabinet products of 215kWh to 344kWh, which are flexible in adapting to scenarios such as parks, microgrids, and communities. The single-cabinet solution covers 215kWh to 344kWh, and can be configured on demand to support up to 10 cabinets in parallel.
