

Energy storage summit warsaw Norway

What is the Energy Storage Summit Central Eastern Europe?

The Energy Storage Summit Central Eastern Europe is the premier event for the energy storage industry in the region. Taking place in the vibrant city of Warsaw, the summit will bring together industry professionals from across the Central Eastern Europe region to explore the latest developments in the energy storage space.

What is the Energy Storage Summit?

Our Summit aims to highlight the fundamental role that energy storage will play in this journey, and will strive to recognise, explore and analyse key challenges that may present themselves on the trajectory ahead. One scenario estimates Europe will reach 29.6 GWh of installed capacity by the end of 2024, marking a 72% increase YoY.

Why should you attend the Energy Storage Summit?

Over the past ten years, the Summit has gained recognition as the biggest, busiest, most informative, and best networking event in the European energy storage sector, where deals are made on site; generating efficient business for everyone who attends. workshops, an after-party, private networking dinners and much more!
