Who owns Esken renewables?

Esken Renewables has been sold to sustainable infrastructure fund Pioneer Balmoral UK, its parent company Esken confirmed last month (1 December 2023).

Does Esken renewables have a sub supply agreement with Chilton biomass?

As announced previously, Esken Renewables also entered into a new sub supply agreement to support the Chilton Biomass plant, replacing the supply provided by the Port Clarence processing and storage site, creating an additional £0.9m of annual recurring EBITDA from April 1, 2023.

How will Esken renewables perform in 2024?

As a result, Esken Renewables is now expected to deliver EBITDA of circa £19m for the full year. Management expect that normalised plant operating levels and waste wood supply will return in 2024 and, as of March 1, 2023, all plants are operating.

Why did pioneer Balmoral buy Esken renewables?

The managers of Pioneer Balmoral UK, Pioneer Point Partners LLP, explained on their website that they were acquiring Esken Renewables with a strategy to continue scaling the business. They added: 'The Company is strongly aligned with Pioneer's objectives of contributing to the green transition and to the circular economy.'

What will Esken's net proceeds from disposals be used for?

The net proceeds from disposals will be used firstly to pay down debt and provide liquidity to the remaining group until the disposal programme has been completed. Esken said it expects to provide a fuller update on progress at the time of the announcement of the full year results for the 12 months to February 28, 2023.

Esken Renewables remains a male-dominated workplace within our operational roles; our gender pay gaps are calculated from 35 female colleagues, with a headcount of 279 employees. We have a small number of female colleagues working within our operational roles as Drivers and Site Operations. We have a large number of Drivers, three of whom are ...

Aviation and renewables group Esken has announced the sale of its renewables division to Pioneer Balmoral UK, as part of the process of winding down its business. According to Esken, the deal reflects an equity value of £84.5 million, satisfied in cash, and an enterprise value of £107.7 million, with adjustments for cash and debt-like items.

As at 28 February 2023, Esken Renewables had audited total assets of £97.6 million and net assets of £33.5 million. After 28 February 2023, as part of the Disposal, the Group will transfer certain of its properties (being its office, processing site and estate access road in Widnes) to Esken Renewables, as these are properties that were and continue to be used ...
