

Frazium Energy - part of the Australian-German Frazer Solar group - has signed a 40-year contract with the government of the Southern African kingdom of Eswatini (formerly known as Swaziland) for a EUR100 million (\$115 million) solar battery project.

The Bulimeni Solar PV-Battery minigrid project will enable household electrification of the Bulimeni community, which features 92 households, located in the Shiselweni region of southern...

Frazium Energy - part of the Australian-German Frazer Solar group - has signed a 40-year contract with the government of the Southern African kingdom of Eswatini (formerly known as Swaziland ...

The contract allows FZM to operate the large scale solar-storage IPP project in Eswatini for 40 years. In return, FZM will invest \$116.5 million over the next five years for the first phase of the project. The ...

Eswatini's legislative frameworks for the electricity sector - that is, the Electricity Act of 2007, Energy Regulatory Act of 2007, and Electricity Company Act of 2007 - including licensing guidelines, are currently

The contract allows FZM to operate the large scale solar-storage IPP project in Eswatini for 40 years. In return, FZM will invest \$116.5 million over the next five years for the first phase of the project. The photovoltaic (PV) park will be coupled with battery storage capacity and FZM estimates it will require an investment of \$115 million.

Frazer Solar is developing a large-scale solar-storage project for IPP investor, owner and operator Frazium Energy. Phase 1 of the development involves solar PV coupled with battery storage to provide 200 MWH of dispatchable baseload electricity per day. Electricity will be supplied to countries in the SADC region.

The Eswatini Energy Regulatory Authority (ESERA) has released a request for an expression of interest (EOI) for the design, construction, operation and maintenance of the Bulimeni Solar PV-Battery Mini-grids System.

The Eswatini Energy Regulatory Authority (ESERA) has announced a call for expressions of interest (EOI) from qualified private mini-grid developers for the design, construction, operation, and maintenance of the Bulimeni Solar PV-Battery Mini-Grids Project.
