In summary, if you do only one quality check for your BESS project, be present on the factory floor during the entirety of the Factory Acceptance Test. Then, to further mitigate the residual quality risks bring some attention to the pack ...

Nevertheless, around 58.9% of the population of Eswatini lives below the national poverty line. Within this population, 56.5% of Swazi children are multidimensionally poor, meaning they lack adequate nutrition, housing, ...

How the BESS is used will impact the project's technical design, the benefits it will deliver and the commercial arrangements to be agreed upon between the parties. So, it is vital for clarity on the project's objectives and the ...

The Eswatini income tax system is based on the source principle of taxation. All income which originated in Eswatini or is deemed from a source within Eswatini is taxable in terms of the Order. The definition of gross income in Section 7 of the Order is amended, and most references to income from a source within Eswatini are deleted.

Eswatini is a small country (slightly smaller than New Jersey) with a population of 1.2 million. It is bordered by South Africa and Mozambique. Eswatini has a relatively diverse economy dominated by the agriculture and manufacturing sectors. Due to its small population, Eswatini has positioned itself as an export-oriented economy, tapping into ...
