

What is the European photovoltaic solar energy conference & exhibition?

Welcome to the 42nd European Photovoltaic Solar Energy Conference and Exhibition. The innovation platform for the global PV solar sector.

What is EU PVSEC 2024?

For the past 41 years, it has been gathering the international PV community to conduct business, network and present and discuss the latest developments and innovations in photovoltaics. The 41st European Photovoltaic Solar Energy Conference & Exhibition (EU PVSEC 2024) is held from 23-27 September in Vienna.

What is a PV exhibition?

It covers a wide range of PV topics such as device materials, components and systems, wafering, BIPV, agrivoltaics, floating PV and much more! At the same time, it is a state-of-the-art PV Exhibition, where specialized PV Industry presents technologies, innovations and new concepts in the upstream PV sector.

What's happening at photovoltaics 2024?

Running from 23 to 27 September 2024, this year's conference gathers leading scientists, industry experts, and policymakers from across the world to present cutting-edge developments and discuss the future of photovoltaics (PV) in the pursuit of global energy sustainability. Scientific Opening Presents Innovations in Global PV Manufacturing

The over 40 year long history and the diverse programme of the EU PVSEC makes it a landmark event in the scientific PV sector. In 2023, the EU PVSEC will be held in the CCL Lisbon ...

The EU PVSEC is the largest international Conference for Photovoltaic research, technologies and applications and at the same time a PV Industry Exhibition, where specialized PV Industry presents technologies, innovations and new ...

The company focuses on stationary Energy Storage across all applications from Residential, Self - Consumption and Microgrid through to large scale stationary storage. We are Europe's first conference dedicated solely to energy storage ...
