

## Falkland Islands euronet solar

Is Euronet bringing sustainable and efficient solar solutions to East Africa?

Euronet is thrilled to announce our expansion into Tanzania, marking a significant step in bringing sustainable and efficient solar solutions to East Africa. Join us at the Nigeria Energy Exhibition to explore the Euronet products, a cutting-edge power management system designed for reliable and efficient energy storage.

Does the Falklands need a new wind farm?

But the Falklands feel it is not enough and besides the current wind farm is reaching its renewal date. No wonder then that notice has been given of the planning applications submitted for the Farm Expansion of Sand Bay Wind Farm to include 3 by E70 Enercon wind energy converters and battery storage. FIG and c/o Glenn figure as the applicant.

Where can I find a plan for the Falkland Islands?

FIG and c/o Glenn figure as the applicant. The plans and details can be viewed at the Planning Office, Secretariat, Stanley and on the Falkland Islands Government Planning & Building Services Facebook page. Anyone wishing to comment on these applications must do so in writing, to the Planning Officer, by 2 February 2024.

The Falkland Islands (Spanish: Islas Malvinas) are an archipelago in the South Atlantic Ocean, located 300 miles (483 km) from the coast of Argentina, 671 miles (1,080 km) west of the Shag Rocks (South Georgia), and 584 miles (940 km) north of Antarctica (Elephant Island). They consist of two main islands, East Falkland and West Falkland, together with 776 smaller islands.
