Firefly revolutionary battery technology was originally developed at the Research and Development laboratory of CATERPILLAR, Inc., a world-renowned manufacturer of heavy equipment, with significant internal investments and funding from major financial institutions.

Is Firefly gas services a good company?

For the past two years we have had our gas fireplace serviced by Firefly Gas Services at a fair price. Mike has proved to be a competent professional serviceman, very personable, as well as a good communicator explaining the process and answering all work-related questions. We highly recommend this service to all. Was this review helpful?
