Foreigners research solar power generation

Solar energy is a kind of green and non-polluting renewable energy resource [3], [4], and sunlight lighting can effectively reduce the electricity consumption in buildings.The ...

In this research, we propose a hybrid model that combines machine-learning methods with Theta statistical method for more accurate prediction of future solar power generation from ...

conducted on solar thermal power plants that use concentra-tors such as parabolic troughs, central towers, parabolic dishes, and linear Fresnel reflector systems. The paper will attempt ...
