Does France have a low-carbon energy mix?

France has a low-carbon electricity mix owing to its nuclear fleet, yet many reactors are reaching the end of their lifetime. The country has started an ambitious energy transition by designing a national low-carbon strategy, carbon budgets, a carbon

What are the main sources of energy in France?

Energy in France was generated from five primary sources: nuclear power, natural gas, liquid fuels, renewables and coal. In 2020, nuclear power made up the largest portion of electricity generation, at around 78%. Coal energy is declining and due to cease. Renewables accounted for 19.1% of energy consumption in 2020.

Why is France a big exporter of electricity?

The country is also among the world's biggest net exporters of electricity. The country is increasingly investing in renewable energy and has set a target of 32% by 2030. In its 2021 Country report on France, the International Energy Agency warned that the country is recording delays in terms of meeting its own energy and climate goals.

Is France a good country for solar power?

In 2016, France was ranked 4th in the EU by installed capacity and 14th in terms of PV capacity by inhabitant at 107.3 Wp/Inhab compared to the EU average of 197.8 Wp/Inhab for the year. The country's largest completed solar park to date was the 300 MW Cestas Solar Park.

How much solar power does France have in 2022?

Solar power in France including overseas territories reached an installed capacity figure of 11.2 GW in 2020, and rose further to 17.1 GW at the end of 2022. Government plans announced in 2022 foresee solar PV capacity in France rising to 100 GW by 2050.

How much does solar cost in France?

A French law passed in 2023 will require parking lots larger than 50,000 square feet (4,600 m<sup>2</sup>) to build solar canopies covering half their area. This could result in installed capacity of 6.75-11.25 gigawatts, at a cost of \$8.7-14.6 billion. The insolation in France ranges from 3 sun hours/day in the north to 5 sun hours/day in the south.
