

Franklin battery price Macao

How much does a Franklin aPower battery cost?

After claiming the 30% federal clean energy credit on your taxes, the net cost comes down to \$12,600. How did we get to that figure? Well, the retail price of a Franklin aPower battery is currently listed at \$11,000 and the aGate controller is listed at \$3,500. That puts our equipment cost at \$14,500.

What kind of battery does Franklin home power use?

Franklin Home Power integrates solar, grid, battery storage, and generator. The aPower is a robust 13.6 kWh battery that can be expanded to 15 units per aGate, reaching a total storage capacity of 204 kWh. As an AC-coupled LFP battery, it features the safest battery chemistry in the industry to date and can connect directly to household loads.

How efficient is a FranklinWH battery?

The FranklinWH battery has a roundtrip efficiency of 85 percent; this means that for every 10 kilowatt-hours (kWh) of electricity you put into the battery, you'll receive 8.5 kWh of output. In most cases, homes with an aPower will charge and discharge their battery every day. So, how long do FranklinWH batteries last?

Is the FranklinWH home power solution AC-coupled?

The FranklinWH Home Power Solution is AC-coupled. Two key ways to evaluate the performance of a solar battery are its depth of discharge and roundtrip efficiency. Depth of discharge (DoD) indicates the percentage of a battery's energy that has been discharged relative to the battery's overall capacity.

Are Franklin batteries compatible with other energy products?

Being fully compatible with other energy products like solar panels and even backup generators, the Franklin battery is a one-stop shop for all of your family's home energy needs.

How much storage does Franklin home power have?

With a 13.6 kWh storage per aPower, Franklin Home Power is expandable to 204 kWh storage per aGate, which is flexible to meet different household energy needs. Using extremely safe LFP battery, the Franklin battery system is safe and reliable with a 12-year warranty.

Fully installed, the average price of the Franklin Home Power system (one aPower + one aGate controller) is around \$18,000. After claiming the 30% federal clean energy credit on your taxes, the net cost comes down to \$12,600.

Save solar energy through solar panels and store solar energy in FHP during sunny days and use a battery bank when required. The FranklinWH battery is AC-coupled and compatible with most inverters, including Enphase, SolarEdge, and MSA. ...
