

Genova solar Fiji

Where is solar Fiji located?

Lot 41-42 Pilling Road, Nasinu, Suva. Solar Fiji, supply and install the highest quality solar power systems in the South Pacific. Based in Nasinu, Suva, we specialize in Off Grid and Grid Connect Solar Power Systems and are official distributors of world leading brands such as Victron Energy, Canadian Solar, Narada Batteries and QCells.

Why should you choose solar Fiji?

As an official partner of Victron Energy, our quality solar products and services are designed to maximize the longevity of your system, providing energy efficiency and cost savings for the long term. If you're looking for a reliable and experienced renewable energy service provider in the South Pacific, look no further than Solar Fiji.

Where are Fiji's New solar power projects located?

Three new solar power projects are initiated. These are located at Qeleloa, Viti Levu and Taveuni. The Quleloa 5 MW PV-grid connected system is being developed by a local private solar firm under the purchase agreement with the Government of Fiji.

Can solar power be used in Fiji?

The climatic condition of Fiji lacks direct solar radiation and hence high-temperature applications are not viable for this region. Thermal solar devices could be built locally and their applications could save a substantial amount of foreign exchange used to generate power with conventional fuels.

What is the best source of energy for Fiji?

The presence of rivers, mountains and data on rainfall makes hydropower the best significant source of energy for Fiji. Solar energy has vast applications. Water heating, drying crops, fish and fruits can be carried out with the use of solar thermal devices which utilize the thermal application of solar energy.

Who makes the best solar inverter in Fiji?

Our dedication to using trusted brands guarantees that our customers receive the highest standard of solar products and services in Fiji. Fronius, Sungrow, and Selectronic are renowned inverter manufacturers known for their exceptional quality and performance.

Discover Solar Hub NZ, Fiji & Pacific - the largest solar sales organization dedicated to making solar energy more accessible for homes, businesses, and islands. We operate in New Zealand, Fiji & Pacific

Solar Fiji supplied and installed a 1320W Trina solar panel system for a home in Savlei, Rotuma, Fiji Islands. The solar system will generate an average of 1.32kWp, and the inverter is capable of powering items such as LED lights, TV/DVD/Radio, medium fridge or medium deep freezer, computer, mobile phones, fans and other
