Angažirajte profesionalce za rad! Montaža krovnih limenih pokrova i fasada predstavljaju najosjetljiviji dio gradnje, jer ukoliko se ne obave kvalitetno i sa pažnjom mogu dovesti ne samo do trajnog oštećenja limenog pokrova i materijala, već uslijed prokišnjavanja i slijevne vode do ozbiljnih oštećenja krovne konstrukcije kao i samog objekta. Svjesni ...

A delegation from the German Embassy in Bangkok led by H.E. Georg Schmidt, Ambassador of Germany to Thailand, accompanied by the German-Thai Chamber of Commerce (GTCC), German International Cooperation (GIZ), and executives from Siemens visited the 45 MW Hydro-floating Solar Hybrid Project of Sirindhorn Dam in Ubon Ratchathani Province.

German Solar's expertise in photovoltaic technology covers a broad spectrum, ranging from small-scale residential systems to large-scale commercial power plants. Our products, including solar modules from 2W to 690W, are sourced from top manufacturers and adhere to strict quality standards, ensuring reliable and high-performing energy solutions.

The second-biggest hirer in solar worldwide, Germany's photovoltaics plans are entering the next phase. The German federal government has approved a new policy package in an effort to reach the country's ambitious 2030 solar deployment targets. Discussed by the Cabinet last week, the plans will enable the widespread introduction of photovoltaics, as they ...
