Who is Greenlight planet?

Greenlight Planet is now officially Sun King, the brand customers know and trust. Sun King designs, distributes, installs, and finances solar energy solutions for the 1.8 billion global consumers who cannot reliably access or afford traditional electrical grid connections. The needs of energy consumers in Africa and Asia are diverse.

Is Greenlight Planet a good choice?

Anish Thakkar, co-founder of Greenlight Planet, believes it was a good choice because "a lot of the innovations and adaptations we have made to our model have been because of realities on the ground in Bihar, and they will work in other states." For more information, you can email Anish at anish@greenlightplanet.com.

Can Greenlight help finance products in India?

Greenlight has connections in India and can help finance products there if Greenlight is interested. We're also looking at other companies that sell products Greenlight could possibly sell through their channel, and we would definitely facilitate those connections.

In early 2019, we supported Greenlight Planet (GLP), with co-funding from the UK government, to seek a sustainable partnership model with commercial financial institutions to provide financing for modern energy solutions for women in Nigeria. If successful, this model would have far-reaching positive implications on both energy access and financial inclusion throughout the continent. ...
