

Greenlinx battery Aruba

Are greenlinx batteries any good?

The Greenlinx batteries have very limited performance reduction compared to all other domestic home solar Lithium batteries; they remain at full capacity down to zero degrees. In addition, each battery has superior charge rate of 40Amps and discharge rates of 60Amps which means faster charge and discharge capability.

How many greenlinx batteries can be connected?

Modular - from 1 to 8 Greenlinx batteries can be connected. **PRICE INCLUDES INSTALLATION** Good communication before and after I purchased an extra 6.5kW battery for my existing system. Battery arrived within the time stated. Friendly and knowledgeable installation team arrived on the same day and fitted battery without a hitch.

Who makes greenlinx batteries?

Greenlinx have developed a range of batteries to push the technical boundaries of performance, temperature management, monitoring and technical support. Greenlinx are exclusively distributed by Infinity Innovations Ltd. in the UK and Europe. While they are quite recent to the UK market they are by no means new to the battery storage industry.
