

How many countries does Solimpeks sell to?

The company's broader product line is exported to 60 countries, with European Union countries comprising about 70% of sales. Solimpeks PV-T products are the first hybrid panels which are listed on the Microgeneration Certification Scheme. Solar keymark, CE mark are one of the 22 certificates owned by the company.

Are Solimpeks certified?

Solimpeks are certified in accordance with ISO 9001 and ISO 12001. To make sure that only products of the highest quality leave our plant, testing quality begins with semi-finished materials and follows through to packaged products.

Why did Solimpeks become a global company?

This growth propelled Solimpeks to expand its operations and venture into international markets, driving renewable heating exports and successfully competing worldwide. As a result of its expansion efforts, Solimpeks has earned a global reputation as a world-leading manufacturer of high-quality renewable heating products.
