I highly recommend Your Star Power... I highly recommend Your Star Power Solutions. Marisa helped my renew my passion for my business. When Covid hit I lost all of my clients and was about to closed the doors. But after working with Marisa, she has helped my get my business back on track. I'm getting interviews and people are wanting my services.

Derived through advanced engineering based on proven turbine design, microturbines represent a watershed energy management solution. Transforming the way businesses think about energy production, Capstone solutions reduce energy costs, ensure power availability, and help preserve the environment with its near-zero emissions profile.

Power will be fed into the grid and all income will be used to expand the farm services or invest into the plantation to develop crops and trees and make operational again this plantation which had been abandoned
