

Guam solum energy

How much energy does Guam use?

Conclusion Total energy consumption in Guam has been increasing over the past 12 years. In 2021,the island consumed 241 million gallonsof imported fossil fuels. Of the total energy consumed on the island,less than 4% is supplied by carbon-free renewable energy.

Does Guam use fossil energy?

3 Guam has no fossil energy resourcesand meets nearly all of its energy needs--including the fuel for generating most of its electricity--with imported petroleum products. 4,5 However,Guam is increasing its use of renewable energy resources for electricity generation. 6,7

Does Guam have electricity?

About four-fifths of Guam's electricity generating capacity runs on fossil fuels and the rest is fueled by renewables. The Guam Power Authority(GPA),a public corporation overseen by the elected Consolidated Commission on Utilities (CCU) and regulated by the Guam Public Utilities Commission (PUC),provides all of Guam's electricity.

Why is Guam reliant on imported fuel?

With no indigenous fossil energy resources,Guam is reliant on imported fuel for their energy and transportation needs,with most of the imported fuel coming from Asia. The Guam Power Authority (GPA) is a public-power utility and autonomous agency of the government of Guam.

How can Guam reduce reliance on diesel power?

In addition to increasing the resilience of its power system,Guam is also seeking to increase utilization of renewable energy sourcesto reduce reliance on diesel powered generation.

How does the US influence Guam's energy consumption?

The U.S. Navy and Air Force have significant land holdings and operations that impact both the economy and energy consumption of the island. As previously noted, the U.S. Navy alone is the island's largest energy consumer, representing 20% of electricity sales (The Bureau of Statistics and Plans Guam 2022).

The Guam Tropical Energy Code (GTEC), adopted and signed into law (P.L. 35-145) on January 2021, establishes minimum energy-efficiency requirements in the design and materials used in construction, reducing the energy needed and lowering energy costs for households in the long-term accordance with GTEC, new construction for all housing in Guam will incorporate ...
